The Members had authorised the Board of Directors of the Company ("Board", which term shall include any Committee thereof which the Board may have, constituted or may hereinafter constitute to exercise its powers, including powers conferred by this resolution) to borrow from time to time a sum not exceeding Rs. 900 Crore (Rupees Nine Hundred Crore), on such terms and conditions as it may deem fit under Section 180(1)(c) of the Companies Act, 2013 ("the Act") vide resolution passed by postal ballot on 06th April, 2018.

The current borrowing limit as approved by the shareholders is INR 900 Crores (Rupees Nine Hundred Crore). The Company's current borrowings are reaching close to the INR 900 Crores threshold. Hence, considering the business plans, inflation in raw material and growing fund requirements of the Company, it is proposed to increase the existing borrowing limit of the Company from INR 900 Crores (Rupees Nine Hundred Crores) to INR 1500 Crores (Rupees Fifteen Hundred Crores).

Also, as explained above consequent upon the proposed increase in the borrowing limits of the Company it would be necessary to seek approval of Members for creation of charge on assets of the Company from Rs. 900 Crores (Rupees Nine Hundred Crores only) to Rs. 1500 Crores (Rupees Fifteen Hundred Crores Only). The approval of the members is sought pursuant to Section 180(1) (c) of the Companies Act, 2013 and rules made there under.

In connection with the loan/credit facilities to be availed by the Company, as and when required, through various sources for business purposes, the Company might be required to create charges over its assets, properties and licenses by way of hypothecation, mortgage, lien, pledge etc. in favour of its lenders (up to the limits approved under Section 180(1)(c) of the Act), for the purposes of securing the loan/credit facilities extended by them to the Company. Further, upon occurrence of default under the relevant Loan/facility agreements and other documents as may be executed by the Company with the lenders, the lenders would have certain rights in respect of the Company's assets, properties and licenses including the rights of sale/disposal thereof, creation of charge/s as aforesaid and enforcement of assets by the Company's lenders upon occurrence of default would amount to a sale/disposal of the whole or substantially the whole of the undertaking of the Company, pursuant to the provisions of Section 180(1)(a) of the Act.

In view of the revision in the borrowing limit as set out in Item No.8, the Board recommends a revision in the limit up to which charge can be created on assets/properties in line with the revised borrowing limit. Accordingly, the Board recommends the Special Resolution set forth in Item No. 9 of the Notice for approval of the Members.

None of the Directors, Key Managerial Personnel and their relatives, other than to the extent of their shareholding in the Company, are concerned / interested, financially or otherwise, in the aforesaid resolution.

3. OPERATIONS:

During the year under review, there was disturbance during April/May, 2021 due to COVID second wave, which impacted the first half of the year in terms of productions and sales. Due to mass vaccination, the impact of COVID was much lower in the second half of the year and overall production and sales quantities in FY 2021-22 were higher than FY 2020-21.

During the year Financial Year 2021-2022, copper prices were significantly higher as compared to Financial Year 2020-2021. In the Second half of the year, Indian rupee started weakening versus USD.

However, as a matter of policy and safeguard, so as to avoid market risk, your Company generally enters into back-to-back Transactions for input Copper purchase against the Sales Order of Finished Goods.

Revenue from Operations, during the year, were higher as compared to previous year, due to increase in the price of primary input, Copper and due to higher sales volume.

The Company had to continuously enhance, rationalize and realign its banking facilities to cope up with the sharp increase in the Copper Prices.

Exports of our products, despite competition and tariff discrimination, were satisfactory.

We encountered steep inflation throughout the year in the prices of insulating varnish/ wire enamel, chemicals, plastics, polymers, packaging materials, consumables, fuel, transport etc, due to supply chain COVID related disruptions and shortages. Due to conflict in Ukraine, we expect the inflationary environment to continue during the current fiscal. RBI has started increasing the interest rates and they will continue to harden this year substantially. This could impact consumption and demand in the economy and could result in slowdown in demand for our products. Due to the above factors, sales and portability could be affected adversely in FY 2022-23.

Tuticorin plant of M/s Vedanta Limited, one of our major Copper Rod suppliers, continued to be shut during the year. Imports of copper wire from FTA areas also declined very sharply during the year due to imposition of Anti Subsidy Duty. However, your company made sufficient alternate arrangements for our main Raw Material i.e. Copper from Hindalco, other domestic producers and some imports. In future, if the demand of Copper increases, the main domestic Primary Copper Producers will have to increase their capacities suitably to cater to the demand.

All figures mentioned are in below in Rs. lakhs.

The Total Revenue from Operations (net) is Rs. 268314 (171860). PBDIT is 12431 (8280). Finance Cost is Rs. 2490 (1513). Depreciation is 1517 (1613). PBT is 8424 (5155). Provision for Tax is 2237 (1285). PAT is 6301 (3931). Other Equity (Excluding revaluation) went up to 35332 (30449). Our Current Ratio 1.52 (1.47) and Debt Equity Ratio 0.06 (0.07).

Despite the residual, impact of COVID and the uncertainty in the market combined with high inflation and volatile raw material prices, your Company has put up a steady and good performance, declared dividends and discharged all its financial / other commitments and obligations strictly on time without any delay or moratorium.

The overall economic situation during the current financial year is expected to remain inflationary. Interest rates are likely to harden significantly. Due to this, the market situation will remain challenging and our production/sales/profitability during FY 2022-23 could be adversely affected.

a) Industry Structure & Development:

The Company produces Winding Wires made of Copper which are used in the manufacture of both rotating and static electrical equipments. Though there are a number of players in the industry including many in the SSI and MSME sector, quality of our products and long-standing relationships with our customers, we continue to remain Industry Leader and the preferred choice for demanding customers. Your Company primarily caters to the OEM Sector.

During 2020-21, there was sharp impact of COVID on the Indian and global economy, due to which the production/sales was lower. In FY 2021-22, after the second COVID wave which struck India in April/May, 2021, there was a recovery. Competition continuous to be severe.

We encountered steep inflation throughout the year in the prices of insulating varnish / wire enamel, chemicals, plastics, polymers, packaging materials, consumables, fuel, transport etc, due to supply chain COVID related disruptions and shortages. Due to conflict in Ukraine, we expect the inflationary environment to continue during the current fiscal. RBI has started increasing the interest rates and they will continue to harden this year substantially. This could impact consumption and demand in the economy and could result in slowdown in demand for our products. Due to the above factors sales and profitability could be affected adversely in FY 2022-23.

Copper prices rose significantly in FY 2021-22 due to which the Company had to continuously rationalize/enhance its banking facilities.

We expect volatility, uncertainty and inflationary pressures to continue during FY 2022-23 and the interest rates will continue to harden.

This could cause compression of demand and slowdown in the economy. Production, Sales and profitability could come under pressure as a result of all the above factors.

b) Opportunities and Threats

India will continue to invest substantially in infrastructure such as roads, power generation, transmission and distribution and digital economy which will improve overall connectivity and spur development of semi urban and rural areas. Health and Safety are now high priorities in the minds of the consumer.

In the long term, demand for Electrical Equipments, Appliances, Air Conditioning, Refrigeration and Automotive Sector will improve steadily due to these trends. Our products are used primarily by all these sectors including Infrastructure and therefore long-term prospects for our Industry are good. Electrical Industry in India is well developed and Export prospects will improve as Western economy may seek to import more from our Country.

In the short and medium term, supply chain disruptions as well as sharp increases in commodity prices have resulted in a surge of inflation globally,

which is unlikely to subside soon. The Reserve Bank of India (RBI) has prudently started increasing the interest rates to counter inflation which could result in a slowdown coupled with high rate of inflation.

High Copper prices and volatility in prices/exchange rates has put pressure on the industry and the customers and resulted in increased working capital requirements. Prices of other commodities such as Petrol/Diesel, insulating varnish/wire enamel, Chemicals, Steel, Plastics, Polymers, Paper, etc have all gone up substantially which will have a significant inflationary effect on the economy. Competition will continue to be intense. But due to our low debt gearing ratio, good liquidity, long experience in the Industry, we are better placed and look forward to perform well in the long term, barring any unforeseen developments.

In the longer term, the global themes of Energy Efficiency and reduction of Carbon emissions will play in favour of our industry. Electric Vehicle development is at a very early stage in India but is expected to pick up significantly during this decade - initially mainly in two and three wheelers and thereafter also four wheelers. The Government thrust on Energy Efficient Electrical Equipments would spur replacement demand of Older less efficient equipments. After initial short term phase of COVID-19 pandemic, income will rise and change in lifestyles will spur demand for Refrigeration, Air-Conditioning, Home Appliances and Automotive Sectors. Our Company will focus on prudent and timely capacity enhancements and modernization, Quality and Process up gradation, Consolidation, Rationalization of Costs and De-risking of all our processes and operations

c) Segment-wise or Product-wise performance

The Company's core activity is production and sale of only one product i.e. Winding Wires made of Copper. Price of our primary input, Copper, during the year was much higher. Volumes were also higher due to post COVID recovery. The PBDIT and PAT for the year is higher.

d) Outlook

The short term/medium term outlook of the economy is challenging due to high rate of inflation, increasing interest rates, which could squeeze the demand in the economy.

Long term outlook for India and our Industry continue to be healthy.

e) Risks and Concerns

Please refer foregoing paragraphs.

f) Internal Control Systems and their adequacy

Commensurate with the size of your Company and nature of its business, your Company has adequate internal control procedures and regular Internal Audit systems. This has been confirmed by the Auditors in their report to the members.

g) Discussion on Financial Performance with respect to Operational Performance (all figures rounded off in Rupees Lakhs only): (Previous Year's figures restated as per IND AS as applicable)

During the last 10 years, your Company has paid an average dividend of about 64% (last ten years). Other Equity (Excluding revaluation) went up to 35332 (30449). We continue to follow system of reasonably prudent safeguards against the high volatility in the rates of raw material and exchange risk.

h) Material Developments in Human Resources/ Industrial Relations including number of people employed:

Industrial Relations during the year were generally satisfactory.

i) Cautionary Statements

Statements in this Management Discussion and Analysis describing the company objectives, estimates and expectations may be Forward Looking statements within the meaning of applicable laws and regulations. Actual performance may differ substantially or materially from those expressed or implied.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
Precision Wires India Ltd.

Opinion

I have audited the accompanying standalone financial statements of **PRECISION WIRES INDIA LIMITED ("the Company")**, which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and a summary of the significant accounting policies and other explanatory information.

In my opinion and to the best of my information and according to the explanations given to me,

- i) the Statement, together with the notes thereon are presented in the format prescribed under Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 in this regard ; and
- ii) the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis of Opinion

I conducted my audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. My responsibilities under those SAs are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of my report. I am independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI'), and I have fulfilled my other ethical responsibilities in accordance with the provisions of the Act. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis of my opinion.

Key Audit Matter

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the standalone financial statements of the current period. These matters were addressed in the context of my audit of the standalone financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

Assessment of Recoverability of Trade Receivables

The aggregate Trade Receivables as at 31st March, 2022 were Rs. 47650.27 lakhs which constitute approx. 54.22% of the Gross Assets of the Company.

The Company reviews the recoverability of the Trade Receivables periodically including at the Balance Sheet Date. Receivables which are not expected to be recovered are written off as Bad Debts. In addition to the Bad Debts written off, provisions made in the Accounts for Expected Credit Loss based on past record of irrecoverable Trade Receivables.

How the Audit addressed the Key Audit matters

The audit procedures included, amongst others, review of age analysis of Trade Receivables, review of Trade Receivables overdue by more than a certain period, discussion with management of the reasons for such overdue trade receivables and the efforts made for recovery of the same.

The audit procedures also include, checking recovery of Trade Receivables as at Balance Sheet Date, subsequently, up to the date of the audit.

I have considered this to be a key audit matter as the amount of Trade Receivables are mostly unsecured and constitute the largest component of the Balance Sheet and therefore have a significant impact on the financial position of the Company.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone Ind AS financial statements and my auditor's report thereon.

My opinion on the standalone Ind AS financial statement does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the standalone Ind AS financial statements, my responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

My objective is to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, I exercise professional judgment and maintain professional skepticism throughout the audit. Also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, I am also responsible for expressing my opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication. Report on Other Legal and Regulatory Requirements

ANNEXURE - B TO INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.

I have audited the internal financial controls over financial reporting of Precision Wires India Limited ("the Company") as of 31st March 2022 in conjunction with my audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

My responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on my audit. I conducted my audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

My audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. My audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that :

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In my opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Despite of the reminders sent by the Company to the Shareholders, followed by the public notices in the News Papers, the said 16 shareholders did not remit the balance amount of the call money of Rs. 5/- each per shares to the Company for a period of more than three years. Therefore subsequently as per the provisions of the then Companies Act, 1956 the Board of Directors of the Company passed the resolution to forfeit the said 1600 Equity Shares.

The Company later in the year 2016 sub-divided each equity shares of the face value of Rs. 10/- each, fully paid up into Two Equity Shares of Rs. 5/- each fully paid up. Hence 1600 equity shares forfeited in 1996 has been considered as 3200 forfeited Equity Shares by the Company.

All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

(ii) The cost of an asset comprises its purchase price or its construction cost (net of applicable tax credits) and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the Management. fair value through other comprehensive income (FVOCI)

All Investment in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at cost or above cost.

(ii) Cost of Work in progress includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity.

(iii) Cost of finished goods and work in progress include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

(iv) Scrap is valued at Net Realisable Value.

NOTE 27 : SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

15. Revenue Recognition :**(i) Sale of Products :**

The Company earns revenue primarily from Sale of Products. As per Ind AS 115 Revenues are recognised when the company satisfies the performance obligation by transferring product to the customer. A product is transferred when the customer contains control of that product, which is at the point of transfer of custody to customers where usually the title is passed, provided that the contract price is fixed or determinable and collectability of the receivable is reasonably assured.

Revenue is measured at the transaction price of the consideration received or receivable and represents amounts receivable for goods provided in the normal course of business, net of discounts, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

Defined benefit plans

Defined Benefit plans comprising of gratuity are recognized based on the present value of defined benefit obligation which is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period.

Net interest on the net defined liability is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset and is recognised in the statement of profit and loss.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (excluding net interest as defined above) and the return on plan assets (excluding net interest as defined above), are recognized in other comprehensive income in the period in which they occur. Remeasurements are not reclassified to profit and loss in subsequent periods.

The Company contributes all ascertained liabilities with respect to gratuity to Life Insurance Corporation of India (LIC).

The retirement benefit obligation recognised in the Financial Statements represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of reductions in future contributions to the plans.

In respect of certain employees who are unfunded through the approved trust, the gratuity liability is provided as per the actuarial valuation.

Gain or loss on account of actuarial valuation is routed through other comprehensive income.

Short-term employee Benefits

Short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised, undiscounted, during the period the employee renders services. These benefits include salary, wages, bonus, performance incentives etc.

NOTE 27 : SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

Other long-term employee benefits

Other long-term employee benefit comprises of leave encashment towards un-availed leave and compensated absences; these are recognized based on the present value of defined obligation which is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These are accounted as current employee cost. The monetary value of leave encashment benefit is for the Factory Workers and is accounted on the basis of actuarial valuation.

The employees, other than factory workers are not permitted to carry forward their leaves beyond a period of one year and hence the liability if any arising on such employees would be of short term nature and shall be accounted on actual basis as and when paid.

18. Earnings Per Share :

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving the basic earnings per share and the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

19. Leases :

At the commencement date of a lease, the company will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). It will be separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset. As per the provisions of Ind AS 116 the company does not recognise the Lease Liability and right to use of underlying assets for the Leases which are for period of less than 12 months or are for a 'low value' assets.

Leases are classified as finance lease whenever the terms of the lease transfer substantially all the risks and rewards incidental to the ownership of an asset to the Company. All other leases are classified as operating leases.

Assets acquired on leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Profit and loss.

Operating lease payments are recognized as prepayments and amortized on a straight-line basis over the term of the lease. Contingent rentals, if any, arising under operating leases are recognized as an expense in the period in which they are incurred.

20. Foreign Currency Transactions :

The financial statements are presented in INR, the functional currency of the Company. Items included in the financial statements of the Company are recorded using the currency of the primary economic environment in which the Company operates (the 'functional currency').

Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction. Foreign exchange gains and losses from settlement of these transactions, and from translation of monetary assets and liabilities at the reporting date exchange rates are recognised in the Statement of Profit and Loss.

Premium or discount on Foreign Exchange Forward Contracts are charged to the Profit and Loss Account alongwith gain / loss on forward cover contract.

21. Derivative Instruments and Hedge Accounting :

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

The Company designates certain derivatives as either:

- (a) hedges of the fair value of recognised assets or liabilities or a firm commitment (fair value hedge); or
- (b) hedges of a particular risk associated with a recognised asset or liability or a highly probable forecast transaction (cash flow hedge).

The Company documents at the inception of the transaction the relationship between hedging instruments and hedged items, as well as its risk management objectives and strategy for undertaking various hedging transactions. The Company also documents the nature of the risk being hedged and how the Company will assess whether the hedging relationship meets the hedge effectiveness requirements (including its analysis of the sources of hedge ineffectiveness and how it determines the hedge ratio).

The full fair value of a hedging derivative is classified as a non-current asset or liability when the residual maturity of the derivative is more than 12 months and as a current asset or liability when the residual maturity of the derivative is less than 12 months.

Fair value hedge

Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recorded in the statement of profit and loss, together with any changes in the fair value of the hedged item that are attributable to the hedged risk.

Hedge accounting is discontinued when the Company revokes the hedging relationship, when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to the statement of profit and loss from that date.

22. Cash Flow Statement :

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

2. (G) Employee benefits:

In accordance with the stipulations of the Ind AS 19 "Employee Benefits", the disclosures of employee benefits as defined in the Indian Accounting Standard are given below :

a. Defined Contribution Plan :

The Company makes contribution towards Employee Provident Fund. The Company is required to contribute specified percentage of payroll cost.

The Company has recognised the following amounts in the Statement of Profit and Loss :

Particulars	(Amount in Rs. Lakhs)	
	For the year ended 31 st March, 2022	For the year ended 31 st March, 2021
Employers Contribution to Provident Fund	37.42	33.45
Employers Contribution to Employees Pension Scheme 1995	86.29	73.15
TOTAL	123.71	106.60

b. Defined Benefits Plan :

Gratuity :

15 days salary for each completed year of service. Vesting period is 5 years and the payment is at actual on superannuation, resignation, termination, disablement or on death. The liability for gratuity as above is recognised on the basis of actuarial valuation.

The Company makes contribution to LIC for gratuity benefits according to the Payment of Gratuity Act, 1972.

The Company recognizes the liability towards the gratuity at each Balance Sheet date.

The most recent actuarial valuation of the defined benefit obligation for gratuity was carried out at March 31, 2022 by an actuary. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Scheme is funded through LIC.

These plans typically expose the Company to actuarial risks such as: Investment risk, Mortality risk, Concentration risk, Salary risk and Asset Liability Matching risk.

Investment Risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.
Interest Rate Risk	A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.
Mortality Risk	Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.
Salary Risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.
Concentration Risk	Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.
Asset Liability Matching Risk	The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	As At 31 st March, 2022	As At 31 st March, 2021
Mortality	Indian Assured Lives Mortality (2006-08) Ultimate (p.a.)	Indian Assured Lives Mortality (2006-08) Ultimate (p.a.)
Withdrawal Rates	2.00%	2.00%
Discount Rate (%)	7.29%	6.93%
Salary escalation rate (%)	5.00%	5.00%
Rate of Return on Plan Assets (%)	7.29%	6.93%
